Reading: Daily Chapter Readings of Peter Pan

Writing: Taking Notes, Recording New Vocabulary & Summaries

SC: Matter

Happy Quarter 3!!!

*Report Cards Error - Report Cards will be coming NEXT Friday, February 7th. Sorry for any confusion.

*FROG-A-PALOOZA - We look forward to seeing you all at FROG-A-PALOOZA next Friday, Feb. 7th, at 12:00 in the media center. Invitations went home today. Please make sure your phone has a QR code reader so you can watch all the great videos the kids created!

*Valentine's Day - We will be having a mini-Valentine's celebration on the 14th. Students can pass out valentines to the other students during this time. A list of names came home today. We will also be voting on the most creative, prettiest, and funniest valentine's boxes in each class.

*Hurricanes Field Trip - We are excited to attend the Hurricanes practice session on February 20th. Please pack a big snack that day since we will be eating lunch at 1:30.

*In School Field Trip - Please have your child wear their 3rd grade t-shirt on Thursday for the in-school field trip.

*Sicknesses - There have been many students out with fevers, coughs, and the flu. We are taking precautions in the classrooms by wiping down tables & keyboards with wipes!

Star Student of the Week

Drager

Ashlynn Kaczmarek

Ross

Priya Vijayakumar

Mrs. Drager

❖ Area/Perimeter: We will be using multiplication extensively over the next few weeks while we focus on area. Please continue to study your child's facts nightly since this will be very helpful when learning this concept.

❖ SC: We are focusing on our Matter Unit. We will be working daily with solids, liquids, and gases and how objects can move from each state. Keep an eye out for volunteer opportunities in the next few weeks!

Mrs. Ross

Unit: Exploring Literary Classics - Peter Pan

❖ Language Arts: We will be diving into Peter Pan and its rich language (vocabulary & figurative language). We will learn about this literary classic (as well as others), the use of illustrations & how chapters relate to each other. This is one of my favorite units...I could spend ALL class period on a single chapter!!! Hoping the students love this unit as much as I do!

❖ Writing: As we read, we will be taking notes in our RRJ journals (Reading Response Journals) by learning the meaning of new vocabulary words, learning more about figurative language, and discovering character traits!
