Take a Sneak Peek at Next Week

Math: Multiplication

Reading: Learning how to find the gist of a story

Writing: Note taking

SS: Three Branches of Government

Welcome to Third Grade! We are so pleased with how this year is going so far. We will continue to practice routines and establish high expectations for behavior and work habits in our classrooms. We look forward to an amazing year!

*Class Wish List: Thank you for those that purchased items/gift cards to our classroom! It was very much appreciated!!!

*Contact Email: If you have not received an email from us this week, please let us know. If you have any email addresses you would like to add to the list, please let us know as well.

*Coupon Book: If you would like to order a coupon book to help support the PTA, information was sent home today. If you would like to order a book send payment back on Monday.

*Homework Agenda: Don't forget to sign your child's HW agenda each night after they have completed their homework. Homework agendas are checked daily and should always be in the front pocket of the binder (along with their HW). Homework assignments are also posted on our class website.

*Weekly Behavior Report: Every Friday, we will be sending home a Friday folder which will have a behavior report. Please review this over the weekend and return it in their Friday folder on Monday.

*Open House: Our third grade Open House will be on September 12th from 6:00 - 7:00. It will be very interactive so both students and parents are invited. We look forward to seeing you.

*Incident Weather Form: Please sign the Incident Weather form and return on Monday. Thank you.

*Dismissal: If your child needs to leave early, please send an email or note before 10 am so we can have them packed up. ☺

Mrs. Drager

- ❖ Room Moms: Thank you to Mrs. Clark, Mrs. Fox, Mrs. Karwoski, and Mrs. Donovan for volunteering to be our Room Moms! I look forward to planning a wonderful year!
- ❖ Math: Students are doing well with multiplication. Please help them review what each factor means in a multiplication equation so their drawings and repeated addition expressions are accurate.
- ❖ SS: We have started our Government unit. We will be learning about the 3 branches of government.

Mrs. Ross

- ❖ Unit: Overcoming Learning Challenges Near & Far
- ❖ Language Arts: The students have begun our EL program this week. Most of the reading work is in their EL workbooks and will not be sent home on Fridays. As the school year continues, more work will be sent home, but I am using this week to get them adjusted to this new program! Reading 20 minutes a night will not always be assigned as reading HW but would be wonderful if your child could do this nightly...and don't forget to record on their daily Reading Log (behind "Reading" tab)!!!
